

ARE YOU WINTER READY?

The UK's gas and electricity supply is more reliable than ever before. But severe winter weather can still cause damage and disruption.

Be prepared in case you have a power cut or gas emergency:

Know your free emergency numbers

In a power cut dial **105** or, for a gas emergency, dial **0800 111999**.

Prepare your home

Keep a torch handy and get your appliances serviced by a Gas Safe registered engineer to prevent carbon monoxide poisoning. Vulnerable households can get extra support by signing up to the Priority Services Register. Contact your gas or electricity network to find out more. Visit www.energynetworks.org to find out who your network operator is.

Keep your eyes open

Keep an eye on the weather forecast and, if you have a power cut or a gas emergency, check on your neighbours.
