Sapcote Parish Council Precept for the year 2026/27

Sapcote is a growing village with diverse needs across its community. Housing developments in the past 10 years and future planned development all place increasing demands on the Parish Council. The budget set for 2026/27 is one that will ensure the Parish Council can continue to meet these and future demands during a period of change, in addition to providing additional funding towards our ongoing cemetery extension project.

Budget Headlines	2025/26	2026/27
